

# KESHET DONOR-ADVISED FUND

APRIL 2021

We are proud to share with you recent progress as Keshet DAF continues to develop and grow. Thanks to a fast-growing giving community, we can all contribute to building a stronger society in Israel through more precise, targeted and smart philanthropy.

## An impressive growth in numbers

**40**  
donors

Approximately  
**90**  
ILS million under management

ILS **4** million grants made by Keshet to **80** organizations  
The main areas of giving were education and welfare.

\* Cumulative totals through April 2021.

## Coming soon! Donor Portal will make grant-making more accessible

Keshet is in advanced stages of building a unique digital platform, backed by a state-of-the-art software system, to manage donors' accounts and tailor it to their individual needs.

The Donor Portal will be launched during the next quarter, and will enable donors to view their account status, review grant-making history, find registered organizations, and even recommend new grants with a click of a button.

## Keshet enables donating various types of assets, including appreciated stocks

Donating appreciated stocks with capital gain tax exemption.

## Keshet's Investment Committee is expanding

We are pleased to announce that **Dorit Salinger**, who served as Head of Israel's Capital Market Authority, Insurance and Savings, has joined Keshet's Investment Committee.

The committee operates as an external body, directing Keshet's investment strategies and supervising the investment houses.

More information about Keshet's board and committee members - all of whom participate on a volunteer basis - [can be found here](#)

## Announcing our new collaboration with Ogen

Starting now, Keshet donors can make social loans.

Keshet has begun a new partnership with Ogen, a non-profit financial-social group, which will enable donors to make interest-bearing social loans through their account at Keshet.
